

BLUEBELLS SCHOOL INTERNATIONAL

KAILASH, NEW DELHI- 110048

●● BRITISH COUNCIL
●● International School Award

13.06.2014

To whomsoever it may concern

Letter of Recommendation

Purva has represented the school and won at multiple economics fests and competitions. She has won laurels for Bluebells at the INTACH Film It project as Best Cinematographer. She also topped the Just-A-Minute and National level Project Proposal competition at the Young Climate Savers Meet by WWF, won the Temptations Package Design competition at Gyan Bharti and participated in the Prodigy'13 in Bull's Eye, a nation level panel discussion organized by The Delhi University.

An assertive girl, Purva espouses three core values of her alma mater: initiative, innovation and individualism. Pro active Purva has been in the limelight right from junior school. She has been a frequent participant in International Level workshops and competitions such as international Olympiads, London World City: India Project and Hong kong's Polytechnic University's innovation and entrepreneurship global student challenge.

I wish her all the best in all her future endeavours.

Suman Kumar

Principal
